

Eglė Vitlipaitė

Web Designer

Hi! I'm a Senior Visual Designer with a Degree in Interactive Design. My interest in Information architecture - wireframing, prototyping solutions has motivated me to make the switch to the UX field. I have knowledge of prototyping & animation tools (such as Axure, Figma, etc), as well as HTML/CSS basics. I have a real sense for extraordinary, pixel-perfect design solutions and I'm a master of design tools like 3D Max, Figma, AdobeXD, Sketch, Photoshop, Illustrator and others. I'm a team player who can collaborate and brainstorm with multiple stakeholders.
